

Muthupandi R

Full Stack Developer - MERN

+917904178729 ◇ muthupandir74738@gmail.com ◇ Madurai, India ◇ [Portfolio](#) ◇ [LinkedIn](#) ◇ [GitHub](#)

SUMMARY

FullStack MERN Developer and **Technical Trainer** with experience building scalable web apps like a Tutor Booking System, E-commerce site, and AI-powered Online IDE. Skilled in JWT/OAuth authentication, Nodemailer integration, and RESTful APIs. Passionate about clean code, practical teaching, and building real-world tech solutions.

SKILLS

Programming Languages Python, Node.js, Java, JavaScript, C++, TypeScript

Frameworks Express.js, Spring Boot, Django (Web Framework), ReactJS, tailwindcss, Bootstrap

Soft Skills problem Solving, Creativity, Teamwork, Adaptability, Teaching, Communications

Tools Chatgpt, Linux, Windows, GitHub, Postman, vercel, render, Firebase, Vscode, Version Control

Databases MySQL, MongoDB, PostgreSQL

Learning Phase Docker, System Design, Machine Learning, AWS

Interests Machine Learning, Full stack, web developement

PROJECTS

Online IDE with AI Assistant [Link](#)

- Built a real-time online IDE supporting code execution in multiple languages.
- Integrated OpenAI GPT-powered assistant for contextual suggestions, explanations, and bug fixing. Implemented Dockerized sandbox environments for safe and isolated code execution.
- Tech Stack:** React, Node.js, Express.js, MongoDB, Docker, OpenAI API

E-commerce Web App (MERN Stack) [Link](#)

- Designed and deployed a responsive shopping platform with secure user management. Features include dynamic product listing, cart, order management, and admin dashboard.
- Integrated email verification, password recovery, and secure authentication.
- Tech Stack:** React, Redux, Node.js, Express.js, MongoDB, JWT, OAuth, Nodemailer, Tailwind CSS

Tutor App (MERN Stack) [Link](#)

- Developed a tutor marketplace with multi-role authentication (admin, tutor, student, parent). Enabled real-time bookings, availability scheduling, earnings dashboard, and in-app messaging.
- Integrated secure authentication via JWT & Google OAuth and transactional emails via Nodemailer.
- Tech Stack:** React, Redux, Node.js, Express.js, MongoDB, JWT, OAuth, Nodemailer, Tailwind CSS

EXPERIENCE

Technical Associate

Jun '24 — Jul '25

Networkz Systems (1year)

Madurai, India

Technical Trainer and Full-Stack Developer specializing in .NET, MERN and Python stacks. Conducts hands-on coding sessions, mentors students, and guides real-world projects. Develops scalable web applications focusing on clean architecture and user experience. Stays updated with emerging technologies to ensure quality learning experiences.

- Conducted hands-on training sessions and workshops in MERN, .NET, and Python stacks, mentoring 20+ students in building real-world applications.
- Designed and developed full-stack projects with scalable architectures, integrating features like authentication, REST APIs, and database optimization.

EDUCATION

BE in (Computer Science & Engineering), Latha Mathavan Engineering College (GPA: 78%)

Jan '20 — Dec '24

Madurai

- Relevant Courses: Data Structures, Algorithms, Operating Systems, DBMS, Computer Networks, AI & ML, Web Development. Participated in intercollegiate coding contests and tech symposiums and Short films

CERTIFICATIONS

Complete Data Science, Machine Learning, DL, NLP Bootcamp, Udemy

Feb '25

React - The Complete Guide 2025 (incl. Next.js, Redux), Udemy

Sep '24

Master in Python + Web Development, Networkz systems

Jun '23
