SUMMARY

I am a passionate **full-stack developer** and **technical trainer** with strong problem-solving skills. My experience includes building scalable web applications and mentoring students in programming. I am seeking a software engineering role where I can develop innovative solutions and enhance my expertise in **backend, frontend, and full-stack development**.

EXPERIENCE

Technical Associate

Networkz Systems

Madurai, India

Technical Trainer and Full-Stack Developer specializing in MERN and Python stacks. Conducts hands-on coding sessions, mentors students, and guides real-world projects. Develops scalable web applications focusing on clean architecture and user experience. Stays updated with emerging technologies to ensure quality learning experiences.

- Mentoring students and conducting hands-on coding sessions in MERN and Python stacks.
- Guiding real-world projects and fostering strong problem-solving skills.
- Developing scalable web applications with a focus on clean architecture and user experience.
